**Industrial visit to Kalpakkam sewage and water treatment plant on 18.08.16**

On 18<sup>th</sup> august, 2016 the student of third year B.E (Civil Engineering) were taken to Water and Sewage treatment plant at Kalpakkam along with two faculty members (Mrs. Jayashree and Mr. Sudip Das). They all assembled at the college at 9:30 a.m and left the college in a college bus. They were received by the members of treatment plant and gave a brief introduction about their sewage and water treatment units. The students also got an opportunity to see practically various treatment process and their working conditions. The visit came to an end at 3:00 p.m and the students left the premises at 3:30 a.m. It was an informative, interesting and a successful visit. The students express their thanks to the Principle and Head of Civil Engineering department for permitting them to go on the visit, the faculty members who accompanied them and the officials who explained various aspects of the working of treatment plant.
