

Workshop on Switching and Routing Concepts for Secured Communication and Networking April 11, 2018

The Department of Electronics and Communication Engineering in association with IEEE COMSOC Madras Chapter, IEEE PSES Madras Chapter and IEEE Student Branch Chapter of AVIT organized a one day Workshop on Switching and Routing Concepts for Secured Communication and Networking on April 11 2018.

Dr V Jayaprakasan, Professor, Srinivasa Institute of Technology & Management Studies (Autonomous), Chittoor, Andhra Pradesh was the resource person. He briefed about the importance of Switching and Routing concepts of communication and Networking with different addressing concepts, using Cisco Packet Tracer Simulation Tool. In addition he explained about the important role of Cisco Networking Devices and different routing protocols used to transfer the data packets from one device to another device.
