ABOUT US

Vinayaka Missions University offers a wide range of Undergraduate, Postgraduate and Doctoral programmes in Engineering, Bioscience, Management, Medical and Health sciences. Aarupadai Veedu Institute of Technology (AVIT) Paiyanoor is an ambit institution of Vinayaka Missions University, Salem. The Institute maintains high standard of world class education supported by academic facilities with well qualified faculty members.

WORLD HERITAGE SITE

Mamallapuram, also known as Mahabalipuram, is a town in Kancheepuram district in the Southern part of India, located around 60 km south of the city of Chennai. It is an ancient historic town and was a bustling seaport during the time of Periplus (1st century CE) and Ptolemy (140 CE), from where ancient Indian traders sailed to countries of South East Asia. It has a group of sanctuaries carved out of rock in the 7th and 8th centuries: rathas (temples in the form of chariots), mandapas (cave sanctuaries), giant open-air rock reliefs such as the famous *Descent of the Ganges*, and the Shore Temple with thousands of sculptures to the glory of Lord Shiva. The Group of Monuments at Mahabalipuram has been classified as a UNESCO World Heritage Site.

DEPARTMENT OF BIOTECHNOLOGY

The Department was established in the year 2004 and offers UG, PG and Research programmes in Biotechnology. It has an intensive course curriculum which includes Microbiology, Molecular Biology, Biochemistry, Bioinformatics, Genetics, Genetic Engineering, Genomics and Proteomics, Protein Engineering, Cancer Biology, Stem Cell Biology, Bioinstrumentation, Bioindustries and Entrepreneurship, Bioprocess Engineering, Food Processing Technology, Mass Transfer, Unit Operations, Clinical Trials, Molecular Pathogenesis, Ocean Science, Cryopreservation Theory and Applications etc. The Department has DBT funded research laboratory for Bioprocess and Plant tissue culture.

ABOUT THE CONFERENCE

The two day International conference on “RECENT STRATEGIES IN BIOTECHNOLOGY & BIO SCIENCES” - RSBBS 2017” is organised by the Department of Biotechnology, Aarupadai Veedu Institute of Technology on 24th & 25th April, 2017. This International conference emphasizes on the recent trends in the field of Biotechnology and Biosciences.

THE CONFERENCE THEMATIC AREAS

1. Plant & Animal Biotechnology
2. Environmental Biotechnology
3. Nano Science and Technology
4. Biopharmaceutical Technology
5. Genetic Engineering
6. Research on Medicinal Plants
7. Medical Biotechnology
8. Stem Cell Technology
9. Bioprocess Engineering
10. Molecular imaging
11. Biosciences

OBJECTIVES

- ❖ To enrich and modernise learning methodologies for the students to match the international standards and to focus on the various areas of research in Biotechnology.
- ❖ To explore the best human talents among scientists and researchers so as to motivate the young learners of academic institutions.
- ❖ Networking the faculty and students of different regions and institutions leading to the exchange of views and ideas.

PAPER PUBLICATION

The selected presented papers will be published in a Scopus Indexed journal with processing fee.
