Welcome to FOOD SCRAP FREE Contest

Food Scrap Free is a small step in creating awareness amongst youth through Composting and painting competition to encourage waste reduction and eliminate waste generation.

AIM

To reduce Food Scrap from ending in landfill, reduce methane generation. Through Food Scrap free, we are joining hands with students, who are the future resource of our country - to reduce, reuse and recycle waste.

Why FOOD SCRAP FREE ?

A Competition that helps in reducing the overall waste generated by maintain the environmental balance in the most easiest method.

- Be a participant of an eco-friendly competition with schools across Chennai/Tamil Nadu
- Boost the school spirit of composting and waste reduction among the students and staff by engaging in the process
- Evaluate your school's effort against other campuses
- Using the benefit of planning resources and activities to promote ideas based on awareness campaign an programmes.
- Earn (some SWATCH BHARATH based credit)

Participate schools will get Certificate of Participation and awarded as "FSF school"
