(Rhapsody logo)

The AVIT Centre For Campus Life, Rhapsody in association with Chitrayog, the Fine Arts Club, Environmental Students Club and Student Council merrily celebrated the Vinayagar Chaturthi on 15.08.2023 at 2.30 p.m. at AVIT Portico. Students from all the departments were encouraged to join the event of crafting an eco-friendly idol of Lord Vinayagar. They were also asked to participate in the “Sweet Symphony” event where the students were expected to prepare the traditional Tamilnadu sweet dish Kozhukattai in college. The students actively gathered mud from AVIT playground and sculpted the idol of Vinayagar. They adorned and decorated the statues with Indian dals like Urad dal, Toor dal, decorative shiny stones, gems, flowers, sandal powder, kungumam powder etc. Tables were set in the portico and all students arranged their idols on them. The students were allotted the Chemistry lab to cook Kozhukattai. With the help of induction stoves the students cooked the jaggery, coconut stuffing and they baked the Kozhukattai in electric rice cookers. They presented the scrumptious Kozhukattai along with the Vinayagar idols. The judges for the event were Dr. L.K.Hema, Professor and the Head of the Department of Electronics and Communication Engineering and Dr. S. S. Saranya , Associate Professor and Head of the Department of English (SAS). The judges went around each table, saw the idols, tasted the Kozhukattais, interacted with

the students and asked the procedure of how they sculptured the idols. With great consideration, they announced the winners as the 1st years and 2nd years bagged the second prize. A special prize was also announced to the 2nd year Civil department students.

GALLERY

The poster features a central illustration of Lord Ganesha in a golden and blue attire, seated on a throne. The background is a light, patterned texture. Logos for Vinayaka Mission's Research Foundation, AVIT (Annapurna Vastu Institute of Technology), and the Centre for Campus Life are visible. The event details are listed below the illustration.
