Report:

Event: Innovation and Creativity Day

Topic: *"Innovators: The Architects of Tomorrow"*

Date: 17/4/2025

Venue: Mini Auditorium

Organized by: Institution's Innovation Council (IIC), AVIT

Guest Speaker: Dr. Seenuvasan, District Program Manager, EDII, Chengalpattu

In celebration of Innovation and Creativity Day, the Institution Innovation Council (IIC) of Aarupadai Veedu Institute of Technology (AVIT) organized a guest lecture titled *"Innovators: The Architects of Tomorrow"*. The event aimed to inspire students by showcasing the critical role innovators play in shaping the future across various sectors. The Program started with the welcome address by Dr B Prabasheela, Professor and IIC convener of AVIT. The session was led by Dr. Seenuvasan, District Program Manager at the Entrepreneurship Development and Innovation Institute (EDII), Chengalpattu. He began the lecture by providing a bird's eye view of how innovators are actively transforming key sectors such as healthcare, energy, technology, and social reform.

Dr. Seenuvasan uniquely illustrated the mindset of innovators using comedy videos, which made the session engaging, lively, and relatable for the students. These videos offered humorous yet insightful perspectives on problem-solving and creativity. He highlighted various government funding schemes available for student startups and innovative ideas. Dr. Seenuvasan strongly encouraged students to leverage these opportunities to bring their innovative solutions to life, emphasizing that India's future economy heavily relies on such young innovators. The speaker shared valuable strategies on how students can cultivate innovative thinking:

- Embrace failure as a stepping stone to success.
- Engage in a continuous learning process.
- Focus on real-world problems around them.

- Learn to

ask better, deeper questions to identify impactful solutions.

The session was highly interactive and well-received by the student community. Dr. Seenuvasan's practical insights and energetic presentation style left a lasting impact. Students expressed their appreciation for the session and showed interest in exploring innovation and entrepreneurship more seriously. The guest lecture successfully fulfilled its objective of motivating students to become the innovators and architects of a better tomorrow. The session concluded with a formal vote of thanks delivered by Dr. Bubesh, Professor and Startup Coordinator, AVIT. He expressed sincere gratitude to Dr. Seenuvasan for his valuable insights and dynamic engagement with the students. Dr. Bubesh also highlighted the importance of such sessions and emphasized the institution's commitment to organizing more innovation-driven events that empower students to become the true architects of tomorrow.

To further encourage creativity and application of ideas, a **student project competition** was conducted in the **afternoon session**.

- Students showcased their projects focusing on **solutions to current societal needs**.
- The projects were evaluated by **Dr. Seenuvasan**, who judged them based on **innovation, feasibility, and relevance to real-world problems**.
- The **best three projects were awarded cash prizes**, recognizing the teams for their creativity, problem-solving approach, and presentation.
