Sangam – First year orientation Session – Student Induction Program 2025

“Find your tribe level up life skills Get inspired”

As part of the Student Induction Program 2025 at AVIT, a special orientation session titled “Sangam – Find Your Tribe, Level Up Life Skills, Get Inspired” was organized from 20th to 22nd August 2025. The sessions were conducted by Mr. Unni Nair, Program Partner & Director of Skill Power, along with a team of five professional trainers. The program was designed to run in batches over three days, ensuring every group of first-year students had the opportunity to participate and benefit from the activities.

The sessions, scheduled from 9:00 AM to 3:00 PM each day, were filled with engaging activities that encouraged teamwork, communication, and problem-solving. Students were guided through various interactive tasks that helped them discover their strengths, develop

confidence, and build leadership qualities. The Skill Power team created a dynamic environment where students could openly interact, collaborate, and express themselves, which contributed to their personal and professional growth.

The orientation not only kept the students active and involved throughout the day but also left them inspired with valuable life lessons and skill-based learning. Many students expressed that the session was both enjoyable and impactful, as it provided practical insights into self-development and the importance of working with a team. Overall, Sangam 2025 was a memorable experience that motivated students to enhance their life skills and prepare themselves for the exciting journey ahead in their academic and career paths.
