Report on Guest lecture on “Role of Informatics for Bio entrepreneurship”

10.02.2020

Mr. K. K. Prashanth, Symbioens lab and Scientific Services, Chennai

The Guest lecture entitled “Role of Informatics for Bio entrepreneurship” was held on 10.02.2020, in AVIT campus. This lecture was organized with the objective to enlighten and inspire the students towards entrepreneurship. The lecture was also arranged to give exposure about the value of information through informatics to the students.

The Guest lecture program started at 1.30 pm by raising for the Thamizh Thai Vazhthu. Students of Second and Third year Biotechnology, students of Third year Biomedical Engineering were gathered in the lecture hall. The crew was welcomed by Dr. R. Devika, Professor and Head, Department of Biotechnology. The Chief guest of the session – Mr. K. K. Prashanth, Symbioens lab and Scientific services was introduced by Associate Professor, Department of Biotechnology, Dr.J.Madhusudhanan. The guest was honored by Dr. R. Devika, Professor and Head, Department of Biotechnology with a shawl.

The lecture was started by Mr. K. K. Prashanth, Symbioens lab and Scientific Services. A detailed view about the information, importance and role of informatics in various sectors which includes – Health sector, Scientific Educational sector, Social sector, Business sector and Mathematics sector, were covered in the first half of the lecture. The second half comprised fully about, what is Bioinformatics?, its importance and area of applications were discussed. On the whole the lecture was very lively, seemed to be very informative and inspired the students gathering.

After the closing of lecture, Vote of thanks was given by Ms. M. Subathra, Assistant Professor, Department of Biotechnology. The session ended up successfully at 3.45 pm
