*[sanath32@gmail.com](mailto:sanath32@gmail.com)*

*I very remember the words during our farewell said by our HOD Babu sir, where ever you go your roots branches are from here - Everyone of us have achieved their own heights On a personal as well as career front.. Not only our department but all faculties treated us with utmost respect and care. Cherish those days and years with lots of good memories.*

*Many of the qualities we have started all from AVIT! Good to see our college is reaching new heights every year and more happy to see many long standing staffs still serving AVIT.*

*Thanks & Regards*  
*Sanath Kumar Palani*  
*Batch 2003 – 07*

*Anand R L*  
*Senior Manager- ITS*  
*Bank of America*  
*Chennai, Tamil Nadu*

*It gives me great pleasure in sending this message to the Souvenir that is being published to celebrate the Alumni meet of Aarupadai Veedu Institute of Technology. Souvenir is the tribute to the past and an expression of grateful thanks to those who had untiringly labored to make the Institution great and honor those who contributed to its greatness. Life gives us brief moments with another, but sometimes in those brief moment. we get memories that last a life time. We do not remember days; we remember moments.*

*I am excited to reminisce with my old friends and my teachers. Waiting for the meeting this Sunday, a chance to share some memories, and play our songs again.*

*Thanks & regards*  
*Anand R L*  
*Batch 2003 – 07*

*HARIHARAN*

*College life is a important period in any persons life. College life re-moulds a school student to a professional person. I was lucky that I was blessed with excellent faculties like our HOD Vijendra babu sir, Mohana priya mam, Ramya mam, Jennifer mam and Tamilselvi mam. Their advise and guidance has always crafted our personal and professional life.*

*I remember once I got few arrears after one particular semester. Our HOD summoned me and just said one thing, "Do you want to be one among lakhs of Engineering passed outs students or create a future for you? Think over it." He didn't allow me to answer, but he told me to leave. That made me think and created lot of impact and I passed out with 79%.*

*Thanks a lot for the support in making our college days memorable with not just studies, but with equal encouragement in other extra curricular activities.*

*I'm waiting to revisit our college and meet everyone in person and I look forward to see our college reaching more heights.*

*Thanks& regards*

*Hariharan*

*Batch 2003 – 07*

*Sumit kumar*  
*Tata consultancy Services*  
*London, UK*

*I am very happy to learn that virtual Alumni meet is organized by AVIT for us to go through those wonderful years and cherish the memory. Those 4 years of AVIT days were my best years even though it was the first time I was going to stay far from home and with no relatives in Chennai. We got all the support from everyone in staff especially our H.O.D Dr. Vijendra Babu*

*Sir who was always there to support us starting from allocating and shifting us into In-campus hostel to our last days of college. We did not learnt only subjects but also learnt here, how to walk on our own in competitive world with the knowledge and confidence to survive in the market. I got good off campus placement in MNC Sopra Steria initially in Chennai (All thanks to my 4 years of learning in AVIT) and slowly and gradually I picked the pace and now I am with Tata consultancy Services in London, working for one of the top clients in UK.*

*It will never be enough to thank AVIT, VMU and all the staffs for taking us as a raw and making us what we are in market. I wish AVIT Alumni meet to be great success and all the very best to organizing committee in this endeavor.*

*Thanks& regards*  
*Sumit Kumar (347054166) – I remember my roll number as well*

Ravi Ranjan

USA

[raviranjan14in@gmail.com](mailto:raviranjan14in@gmail.com)

*My journey started in 2005 when I moved to Chennai from a small town in Bihar. It was a whole new experience being 1000+ miles away from home at a new place, new language, new faces and lots of dreams. After 15 years when I look back, it still feels like I was there yesterday. I thank my faculties who strengthen my roots and helped me to come through this long journey. I have worked with some of the top Indian MNC like Wipro and Infosys. Currently I am located in the USA and working with an American company from 2017. I have more than 10 years of diverse technical and management experience in serving various US-based clients in Banking Financial Services Insurance and ENU domain. My area of expertise includes application development, application tuning, performance engineering, and providing cloud-based solutions. I have significant leadership experience in managing IT projects with an emphasis on quality control and software testing. I hold a Bachelor of Engineering degree from Aarupadai Veedu Institute of Technology, India.*

*Set a goal no matter how big it is, keep trying you will reach there.*

*Regards,*

*Ravi Ranjan*

*I'm modestly thankful to my all Professors, Lecturers and great minds at AVIT who helped develop technical and human skills to make me stand in the professional world.*

*The unmatched learning skills & continuous learning culture inculcated at AVIT always helped me to stand firm and the experience, ethics and valuable advice provided at every step during my tenure at AVIT helps stands me in good stead till now and in future.*

*AVIT helped me to grow technically as well as professionally, the learning infrastructure and development eco-system is very well placed to cater the needs of the students, society and nation.*

*It is incredibly hard to express my gratitude appropriately, but I owe innumerable gratitude to our great philanthropist founder chancellor Dr. A. Shanmugasundaram whom I had an opportunity to interact with this great personality, his advice and words always reverberates in my mind and have been a continuous guiding force!*

*Thanks & Regards,  
Avinash Kumar  
Batch 2005 – 09*

*Shashank Mishra  
Sr. Regional Manager(North India)  
Bajaj Finance Ltd-  
Jaipur*

*I am privileged to be a part of AVIT- ECE dept. The relation between faculties and students were very cordial which gave me opportunity to excel in my area of interest. College environment was like my second home which indeed gave me opportunity to enlarge my friendship circle across India. 4 years spend in campus was really an unforgettable dream which taught me several lessons of life and made me capable enough to sustain in this professional global village. Several symposium and seminars was eye opener for me. I can proudly say that yes, I am an AVITian.*

*Thanks & regards

*Shyam Kishor Singh*  
*Technical & Project Manager*  
*HI-Tech Radiator*  
*Mumbai*  
[shyamvmu@gmail.com](mailto:shyamvmu@gmail.com)

*It has indeed been a delightful experience to have been a part of AVIT College which has provided the exact academic & corporate exposure required to establish myself as a professional Engineer. I am proud to be associated with such a prestigious university which provides an atmosphere full of motivation & innovation. The most I admire is the incredible support that I received from Department of Electronics & Communication & its enthusiastic faculty members. The placements conducted in AVIT was very streamlined & organized. I landed in a prime job in Borg Warner Beru Systems (India) ltd, which is an American Worldwide Automotive Industry components & part supplier.*

*I shall always remain in gratitude & joy for having studied in this college which is truly global in every sense.*

*Thanks & regards*  
*Shyam Kishor Singh*  
*Batch 2007- 2011*

*Sahil Suman*  
*Communicative Executive*  
*Private firm*  
*Hydrebad*

*I am Sahil Suman from 2009-13 B.E-ECE Batch. I had spent some of the best years of my life on the AVIT campus. More than the semester grades and placements, the biggest nightmare for us in those days used to be 'attendance shortage' which made me realize, you can buy everything on planet with money except 'attendance'. The thing I miss about college is cooking maggi secretly inside hostels in those long never ending nights during semester exams.*

*From being such a naive and introverted kid in the first semester to going on to host INAUTICS 2012 (The annual technical event of the department of ECE) and representing AVIT in several inter college competitions, the years just passed. And then came the day of our farewell, little did we know that, it was the last time we answered our roll calls and the only day in the four years when nobody else was bothered about attendance anymore! My batchmates and I made more memories than notes during those four years, something which we would always cherish for the rest of our lives. Post AVIT, I went on to discover my inner calling and pursued Masters in Journalism & Communication. My work profile includes Radio Jockey, News Reporter and Video Blogger.*

*I currently work as a Communication Executive at a private firm in Hyderabad and even now when I am sitting idle on some days, I close my eyes and think of going back to my alma mater and start clicking pictures of every single corner of the college where my memories are attached.*

*Thanks & Regards  
Sahil Suman  
Batch 2009- 2013*

Nitish Kumar  
Inspector of Police, Jharkhand

Testimonial. of Nitish Kumar

A.V.I.T is not a college. It is a brand. It is unique in its field. I am so grateful to be a part of this college. There are so many opportunities to develop one's personality in any field like cultural, literature and many more. It was very precious and golden phase of my life.

The entire faculty and other members of this institution are very cooperative.

I got a lot of love and support from my faculty members and colleagues. The college has molded my personality and clarified my vision of the future.

It made me four years memorable for me.

Just want to thank to the wonderful faculty of A.V.I.T.

I am proud to be an A.V.I.Tian.

Sindhu R  
sinece2017@gmail.com

*It feels immense pleasure to be a part of AVIT. The methodologies and experiments lead to various innovations and exposure towards various technologies during the time of education. AVIT in comprise of our ECE department helped us to gain more knowledge in building our carrier and helped to grow in the next level of our life. I have been guided with all faculties who are very friendly and approachable. The faculties clearly focuses in bringing up the potential of students even in co-curricular activities. The confidence and motivation provided by them during the exams made me to score higher marks in all subjects. In all my four years of education, I have learned not only about the education but also about the discipline, patience and dignity. AVIT, a place to identify the individual ability and skills which pursued us to be in flying colours in achieving our destination. It is a best place to get nurtured to achieve the success of any student in their life.*

*Thanks & Regards  
Sindhu R  
Batch 2013-2017*

*PSLVSS Anusha*  
*Senior quality analyst*

*AVIT has been a great contributor to the development of my personality. I have established my leadership, time management and team skills and have also been able to advance these skills to the whole new augment level. The infrastructure of AVIT is one of the finest things.*

*The best thing about this University is the cross-culture interaction between the student from various parts of the world. The professors here make the university what it is today. With an attitude of being ever ready to help, and not only delivering classroom teachings, but they are also the pillars of the learning gained from this esteemed university and this is a treasure for life. My four Years at AVIT were great and memory to cherish for life time. I am currently working as a senior quality analyst at [24]7.ai*

*I have thoroughly enjoyed my experience at AVIT and would recommend it to any hard working student who's up for a challenge and a head start on their career. Here professors are truly cared about each and every student's discipline & education, where they didn't see as just a number. For providing me with lifelong mentors who I know I could always go to any point in my career by carrying the moral's and knowledge thought my professors, Once again I should really thank all the professors of ECE department for helping me to achieve excellence in education which provided me a successful career.*

*Thanks & regards*

Batch 2013-2017*

*Fais Fathah*  
*Junior Biomedical Engineer*  
*Jupiter Lifeline Hospital*  
*Pune, Maharashtra*

*For some students, college is just college. You attend classes, graduate, and then you begin your adult life. I don't think many students have ever stopped to think about how much of an impact their college has made to them, but I have and I can honestly say that I would be not where I am today without my college. I have done my B.E in Biomedical Engineering at AVIT.*

*Thank you for being the place where I discovered myself. I got to spread my wings and became the best version of myself on campus. Thank you for truly caring about the well-being of the students. I know at times students can get frustrated and feel that the college is against them, but I know how hard the faculty and staff works and how much they try every day to make a better place for everyone. Thank you for being my college experience.*

*Thank you to the friends that I made. We went through everything together and supported each other through everything. Thank you for all of the laughs, the tears, and the unforgettable memories. I don't think I would have survived college without you all by my side and I am so thankful to have made such amazing lifelong friends.*

**FAIS FATHAH**
