

## **AARUPADAI VEEDU INSTITUTE OF TECHNOLOGY**

Department of Electronics and Communication Engineering

Energy Literacy Training

Name **LAKSHMINARASHIMHA M.K.**

Student: Post Graduate student – Embedded Systems Technologies

The Energy Literacy Training made me realize how much energy we use, the amount of carbon dioxide that we emit during the usage of energy and how much carbon footprint is being left behind. The Energy Literacy Training helps me to become a sensible citizen with a good understanding of energy consumption and its impacts on environmental change. I pledge that I will take suitable actions to reduce energy consumption and involve in adopting methods of consuming energy produced by renewable resources.
