

## **DICE DELIGHTS**

The Rotaract Club of AVIT organized a club service project named Dice Delights on 27<sup>th</sup> Sep 2024 at Indoor Auditorium. The primary goal of Dice Delights was to promote creativity and engagement among the club members. Additionally, the event sought to foster teamwork and collaboration within the club through interactive activities. By encouraging these values, the event aimed to strengthen the bonds between members and create a more cohesive and dynamic club environment.

The event commenced with a warm welcome to the guest, Rtr. Abdul from the Rotaract Club of Guindy. The Club Service Team, who had meticulously planned and organized the event, introduced the activities for the day. Rtr. Abdul was tasked with leading the fun and interactive activities. Throughout the event, Rtr. Abdul kept the energy levels high with a series of engaging games and challenges that not only entertained the members but also highlighted the importance of teamwork. The activities were designed to bring out the creativity of the participants while ensuring everyone had the opportunity to collaborate and contribute.

The event provided a platform for members to interact more closely, helping to build stronger interpersonal relationships and enhancing the overall camaraderie within the club. The creative challenges also allowed members to express themselves, further enriching the experience.
