:

Rotaract Club of AVIT with ten other clubs did a joint project called Garden of Galaxy with the host club Rotaract Club of Pegasus from 09/09/20 to 15/10/20.

This project is initiated to honor and mark the importance of our former President **DR.A.P.J.Abdul Kalam's** mission on planting trees. We have successfully planted 2020+ saplings in less than a month, a small tribute to DR.A.P.J.Abdul kalam on his birthday.

This project was successfully accomplished by Rotaract Club of AVIT.
