AARUPADAI VEEDU INSTITUTE OF TECHNOLOGY

## **DEPARTMENT OF PHARMACEUTICAL ENGINEERING**

# **INDUSTRIAL VISIT REPORT**

AVIT has organized an industrial visit to **ORCHID PHARMA LTD** on 16<sup>th</sup> June 2022 located at SIDCO Industrial Estate, Alathur. The visit was organized by HOD of Pharmaceutical Engineering Dr.B.Prabasheela and co ordinate by Dr. G. Jennifer Joseph, HOD Humanities and Sciences. We AVIT strongly believe in addition to theoretical knowledge practical knowledge is necessary to every individual and henceforth arranged for the industrial visit to I year students.

Orchid Pharma was established in the year 1992, it deals from discovery to delivery in research, manufacturing and marketing, that rank among top 50 Pharmaceutical companies in India and enjoy a multi-therapeutic presence across segments like anti-infectives, anti-inflammatory, central nervous system (CNS), cardiovascular segment (CVS), nutraceuticals and other oral and sterile products.

We reached Orchid Pharma at 10am, HR personnel of the industry welcome us and drive us to the meeting room and Dr. Narasimanan has beautifully picturized about

the products manufactured and the functioning of the company. After that they offer us tea and snacks. The students were then divided into a batch of 15 students per batch and were taken to different department like production, Quality control, Quality Assurance, research. They interacted with the department in-charges to have an understanding about different departments and processes of Pharma industry. The students enjoyed the visit and were also enlightened about the significance of engineering knowledge in pharma Industry.
